## SPANISH WORKSHOPS – MINING INDUSTRY

*“This dictionary has been developed along the career of almost 30 years of Intérpretes Asociados as translators and interpreters in the mining area. The technical terms shown here have been found once and again in conferences and translations. In an orderly and systematic manner we have collected more than **4500 mining and geological terms**, and we have processed the comments and explanations from experts in the field. In this manner, the reader will find a solid tool to work in his/her daily activities.”*

Foreign mining investments in Chile will amount to US \$ 45 billion between 2010 and 2017 in an optimistic scenario for this Industry.

This has led us to create these **Spanish Workshops** to enhance the Spanish capabilities of foreign professionals (expatriates) working and living in Chile.

The workshop has been designed to help you to:

- Be able to do a simple field translation to adequately manage your international Project.
- Train your own staff in the field of mining with the basic Spanish mining words required to manage mining scenarios.

# George Knowbase

The workshops are focused on a practical approach, where you practice the main terms in the following mining areas:

1. *Geology (2 hour workshop)*
2. *Deposit Assessment (2 hour workshop)*
3. *Geomechanics & Geotechnics (2 hour workshop)*
4. *Drilling & Blasting (2 hour workshop)*
5. *Open Pit (2 hour workshop)*
6. *Underground Methods (2 hour workshop)*
7. *Crushing & Grinding (2 hour workshop)*
8. *Concentration (2 hour workshop)*
9. *Pyrometallurgy (2 hour workshop)*
10. *Hydrometallurgy (2 hour workshop)*
11. *Electrometallurgy (2 hour workshop)*
12. *Mining Equipment (2 hour workshop)*
13. *Environment & Water (2 hour workshop)*
14. *Mining Economics (2 hour workshop)*
15. *Management & Administration (2 hour workshop)*

## **Who should attend to the workshops?**

Professionals in the area of mining requiring a good grasp of specialized Spanish mining terms to carry out their work.

## **Workshops will be held at:**

*Avda. Los Leones 220 – Office 203 – Santiago and remotely through Videoconference.*
